

Dear CCA Families,

As many of you are aware, this school year we were forced into a situation in which we had to try and relocate our school in less than 12 months. For those of you who attended one of our forums, you saw the journey of the countless building sites, churches and land that we attempted to secure for our school and its new home.

In addition to the issues that we still face with our current landlord, we have been actively trying to secure investment into a potential new campus in a nearly impossible time frame. While many verbal commitments have been made, not enough have materialized in the incredibly short window of time we were given. The lack of funds has caused a shortfall that cannot be bridged through any other financing mechanism, and the school never had the opportunity to prepare for a proper capital campaign given the circumstances with which it was faced.

It is with great sadness that we announce that this will be the last school year for Chandler Christian Academy. We will continue to operate through the end of this year and will continue operations as usual for our students.

As a board, we felt obligated to give you this information as quickly as possible, so you had time to plan for the next school year. We have already started working with other schools to assist our students and staff as much as possible to provide other opportunities.

While this is not the answer we had asked for, it is the answer we received. We are proud of the amount of work we put in over the last 6 months attempting to save the school from the situation it was placed in. We are proud to have been associated with the history of Chandler Christian Academy and hope one day its legacy will find a new way to continue.

We know that we have exhausted all options and resources available to us currently and have a responsibility to give finality to the situation from the school board.
